The Regional Comprehensive Economic Partnership (RCEP) agreement signed on 15 November 2020 deepens ASEAN's engagement with Australia, China, Japan, Korea, and New Zealand, and is the world's largest FTA to date, comprising about 30% of global Gross Domestic Product (GDP).

Join us at our event to prep your business ahead of RCEP's entry into force and learn about the RCEP coverage of areas that were not previously covered in the ASEAN Plus One FTAs such as specific provisions covering trade in goods, including rules of origin, customs procedures and trade facilitation, as well as chapters on electronic commerce, etc.
